We have an exciting future ahead of us!

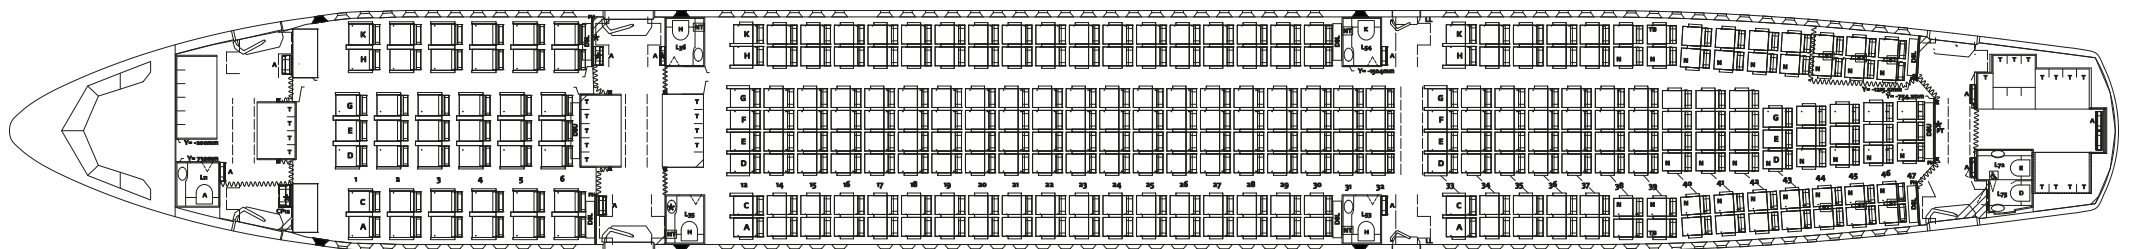

A true new generation aircraft

The new generation of the most popular widebody Family ever

- A330-800 is the most flexible, most efficient longest-range entry-level widebody
- Advanced materials, new optimized wing, composite winglets and highly efficient engines, leveraging A350 latest technologies
- Exceptionally versatile while delivering 25% less fuel, the engine is also fully compatible with sustainable aviation fuel (SAF) to further reduce the aircraft's environmental impact.
- Airspace cabin offering passengers and crews an exclusive flying experience; the quietest cabin in its category.

CABIN AIRSPACE 305 SEATS

Premium class seats: 42
Economy class seats: 263
IFE: SPI Rave
Screens: 13" in premium class, 12" in economy class
WiFi on board (installation in Q1 2023)

air greenland 

Highlights

- **New route:** Billund - Kangerlussuaq route
- **Extended schedule:** Copenhagen - Narsarsuaq from easter until mid-september
- **Extension of the agreement with jettime:** We extend the agreement with JET time offering up to 5 weekly aircraft rotations in summer schedule for increased flexibility.
- **New aircraft:** "Tuukkaq" airbus 330-800neo. We offer sustainable flight and increased comfort for the traveller from 2023.
- **Increased domestic capacity:** due to the larger aircraft we increase seats offered in schedule on domestic network and also strengented backoffice and frontline to be able to service the increased number of passengers.
